

A NATURALIST'S APPROACH TO BEEKEEPING

HoneybeeLives.Org

SATURDAY, JULY 14TH, 2007

Wildewood Gardens of Southbury, CT, is hosting a day of classes taught by Beekeeper / Bee Doctor Chris Harp from New Paltz, NY.

BEE BUZZ FOR KIDS

Introduce your children to the amazing world of Honeybees; capture their attention and their imagination. Be a part of saving the Honeybee population through your children's education. They will learn about the lives of Honeybees, their intrinsic value to the well being of the earth and Honeybees' place in the puzzle of life with mankind.

Imagine letting them hold a frame from a hive, heavy with the weight of buzzing, docile Honeybees. Their eyes will open wide, and they will never see the world the same again.

10 – 11:30 am, \$10 per person.

INTRO LECTURE ON HONEYBEES AND ORGANIC BEEKEEPING

Learn about the lives of honeybees, the current plight of honeybee colonies, and the intrinsic value of nurturing these amazing creatures. For the general public, gardeners and wanna-beekeepers.

12:30 – 2:30 pm, \$25 per person.

A NATURALIST'S APPROACH TO BEEKEEPING – UNDERSTANDING AND CARING FOR YOUR BEES (Advanced class for Beekeepers)

Topics will include: Hive congruency and design to benefit the colony; Bee health and disease management the natural way; seasonal concerns and methods; as well as imparting the values of respecting the lives and needs of your bees.

3:30 – 6:30 pm, \$40 per person

Pre-registration is required via email HoneybeeLives@Yahoo.com or #646-522-7656. Please visit our website www.HoneybeeLives.org for further info and directions. Five person minimum per class.
